

# Shot-notes

## 1. shot

### Billy

Jane is so beautiful! And it finally seems I could have a real chance with her. What if... perhaps... she loves me too? Fuck Alex, he's only gonna screw everything up! For the first time in my life, I have a real opportunity here and that idiot is being a complete asshole! I like him, but if he's gonna screw things up for Jane and me, I'm gonna kick his ass!

### Alex

Billy is even lamer than I ever thought. That jerk thinks Jane is gonna give him another thought. I don't fucking think so! I'm gonna rub it in his face real nice. I think it would drive him nuts if I hit on Jane and put him down in front of her for good measure.

### Jane

This is really boring. Alex is a real sleaze. Thank goodness at least Billy is here too. I'm gonna let him try his best for ten more minutes, then I'm calling a cab and calling it a night. Shame there's no one to dance with.

### Mary

You can start offending people right away by asking everyone who they are and adding "Sorry, I don't remember you..." or: "I guess we didn't talk that much, huh?" etc.

## 2. shot

### Billy

Alex is really crossing the line now. I'm not the loser from the high school - I'm not gonna take his shit anymore! If he says one more thing I'm gonna lose it. He's liar! Nothing that comes out of his mouth is true!

### Alex

Fuck me, Mary is smoking hot! I'd hit that! Billy is really starting to get on my nerves. **He's stupid just enough to shit his pants, just like his brother** - I gotta remind him of that. He's playing a shy lamb. He's really pissing me off - I'm gonna remind him that he is a fuck who rapes girls.

## **Jane**

Oh my God, I can't believe how much Mary has changed! She is so beautiful! It sucks big time that she's not a lesbian...

## **Mary**

Seduce Jane, you love dirty dancing and sex in the bathroom. After that, you dump her, laugh in her face. You're disgusted by her. Then, return to the bar.

## **3. shot**

## **Billy**

Poor Jane, she looks like hell! This is my chance! Who's gonna win? Of course the nice guy and good listener!

## **Alex**

Mary is making me crazy! I want her! So she's hitting on Jane? Great, that is so hot! I'm going for Mary! Right fucking now! It starts with flirting and dancing, and then...

## **Jane**

You have never felt so humiliated; you hit the rock bottom. Thank God Billy is here, he'll understand. Although you don't find him attractive at all and you can't even picture having sex with him, his presence and attention are making you feel better.

## **Mary**

Flirt with Alex and mock the others. You want him to rape you after the next shot - give him a good fucking reason! Give it everything!

## **4. shot**

## **Billy**

You remember now. It was you who raped Mary five years ago. Alex provoked you with booze by telling that you were "stupid just enough to shit your pants, just like your brother." You were the one who started the rape. Alex raped her too, but only after you. Oh God... The only course of action you can think of right now is to drown yourself in booze, to drink yourself into oblivion. You're going to have another shot! Suddenly, Jane is nothing to you. You're drowning in your misery and desperation.

### **Alex**

That bitch! Teasing me like that! Just you wait! I'm gonna show you how it went down five years ago! Come over here, let's play! I'm gonna take you right fucking NOW, my sweet little Mary! (Remember you cannot have sex in the room with the bar).

### **Jane**

Billy is so kind and attentive. You really like him. Now that Mary shot you down so badly, Billy is your only hope for at least remotely pleasant night. If he's gonna dump you too, you're gonna be really pissed. Alcohol coursing through your veins deepens your negative character traits, e.g. indifference of someone else's misfortune.

### **Mary**

Alex is going to rape you now. Give him the note with the HIV right after.

## **Billy's further shots**

### **Billy**

You need to get it out! There's only Jane to talk to. You don't care about her problems. You feel a crushing need to confess everything that happened five years ago to her. She'll understand. She loves you. And right after that, you're gonna have another shot.

### **Billy**

You are really sick to your stomach. You need to throw up. But you can't keep your legs straight anymore, your orientation is also very bad... You have to ask someone to escort you to the bathroom. Jane is the only one here. There's no one else in the room. You really need to go vomit, be insistent Jane takes you. If she refuses, head for the bathroom by yourself, you don't want to throw up on the floor here. The bartender seems like a guy not to be messed with.
